

THE SECOND DAY OF REUNION

(Continued from First Page.)

to Thee," and at the conclusion of the hymn General Lee arose and said that for many years Mrs. Davis had been unable, owing to ill health, to attend the reunions of the association, but that on this occasion she was represented by Miss Waller, of Mississippi. As General Lee bowed toward Miss Waller arose in her box and received the salute of the audience. This closed the exercises, and a moment or so later Mr. H. A. Lockwood, of Mobile, Ala., arose and moved that the convention express its deep appreciation of those "chivalric and tender people of the North who had ministered with tender care to the last hours of the Daughter of the Confederacy."

General Gordon put the motion and the affirmative response was so hearty that he did not ask for a negative vote.

A REUNITED COUNTRY.

Major William M. Robbins, the Confederate member of the Gettysburg National Park Commission and ex-Congressman from Louisiana, offered the following resolution, which was referred:

Whereas, the Government of the United States has undertaken and is pushing forward the work of permanently marking the lines and positions of the troops of both the contending armies on several great battlefields of the civil war, among them Gettysburg, Chickamauga, Shiloh, Vicksburg and others, with the design of making these battlefields permanent memorials of the prowess of American soldiers without respect of sections;

Resolved, That we, as Confederate veterans, sympathize with and commend this patriotic purpose of the Government, and will lend our influence and aid toward its full realization.

Resolved, That we trust the people of the Southern States will take early and effective steps to erect upon these battlefields suitable monuments in honor of our glorious heroes in gray, who fought and died for what they believed to be right.

Resolved, That we rejoice with our brethren throughout the Union that the sectional discord of other days is ended, and that we are a reunited people, with one country and one flag.

JEFFERSON DAVIS MONUMENT.

The report of the Jefferson Davis Monument Committee, which was submitted to-day, indorses the suggestion that the task of the completion of the monument be turned over to the Daughters of the Confederacy. The report shows that the committee now has on hand \$19,892. It urges an active and aggressive movement for the completion of the proposed monument at Little Rock, and states that the committee has concluded from the ill success which its efforts have met with, that the co-operation of the women of the South is absolutely necessary if the project is to be consummated.

Under suspension of the rules the Monument Association's report was adopted. The report of the Credentials Committee also was adopted after a brief discussion over the representation to be allowed the Pacific slope. It was decided not to allow the section any representation. The report showed 1,726 delegates present, representing 1,189 camps.

COMMITTEE ON HISTORY.

It was decided to make the selection of the next place of meeting a special order for to-morrow morning at 11 o'clock. General Stephen D. Lee will present the important report of the Committee on History to-morrow. Considerable interest is centered on the report, which is one of the most important matters to come before the convention.

The convention then adjourned.

SONS OF VETERANS.

Charleston, S. C., May 11.—The Sons of Confederate Veterans held a brief session to-day and transacted no business of importance. To-morrow the election of a commander in chief will occur and memorial exercises for Miss Winnie Davis will be held.

THE SOUTH AND NORTH.

Charleston, S. C., May 11.—An effort is making here to bring about a grand reunion of Confederate and Union Veterans, and the matter will be formally presented to the Confederate Veterans Association in session here. In the city are William Aiken, Jr., Mayor of Evansville, Ind.; William Field, representing the Confederate Veterans of that city and C. J. Murphy, representing the G. A. R., who are here for the purpose of arranging a joint reunion in Evansville in the near future. They will formally lay the plan before the convention and urge its fulfillment.

NORFOLK IN THE RACE.

Charleston, S. C., May 12.—The Louisville delegation is to-night claiming that the selection of that city for the next meeting of the United Confederate Veterans is practically assured, and it is said that she has already secured the promise of the solid vote of Arkansas, Alabama, North Carolina, Maryland, West Virginia and parts of other State delegations. In fact there seems to be a lack of organized effort on the part of the other candidate cities, though Norfolk and Baltimore are said to be actively in the race. There is some talk of St. Louis and Memphis wanting to receive the veterans, but this is as yet rather indefinite. There is an amendment to the constitution pending which provides that no reunion shall be held in any but the seceding States, and if this is carried some confusion will result.

THE LEB RESOLUTIONS.

Charleston, S. C., May 11.—The Committee on Resolutions, to which was referred General Lee's resolution accepting President McKinley's proposal that the Federal government should make provision for the care of the graves of Confederate dead, spent several hours discussing the matter to-day, and finally a compromise resolution was framed and will be offered as a substitute. The resolution is to the effect that if the National Government desires to care for the graves of the Confederate veterans not object to its taking charge of those in the North and in the neighborhood of the old war prisons. The resolution will state that the women of the South have voluntarily undertaken to decorate and preserve the graves in the South, and the association does not feel warranted in taking from them what they have grown to regard as a duty. In general, the resolution is along the lines of the speech made by Mr. Busbee yesterday, and who proposed the substitute to the committee. The modified resolution has been submitted to General Lee and he is understood to have accepted it. The sub-committee will report to the full committee to-morrow morning, and the matter will then be laid before the convention.

REPORT MADE PUBLIC.

Washington, May 11.—Adjutant General Corbin made public to-day the report of General Harrison Gray Otis, commanding the first brigade, second division, eighth army corps, giving the details of operations in the Philippines from the first to the thirty-first of March. The brigade participated in the movement against Malolos, which occupied several days of fighting. In concluding the report, General Otis says:

"Thus after an arduous and brilliant campaign by the Second Division, supported by other troops, lasting seven days and involving frequent combats, numerous casualties among our troops and heavy losses by the enemy, Malolos, the recent capital of the so-called Philippine 'revolutionary government' fell before the American arms."

OFFICERS AND MEN COMMENDED.

"It is my grateful privilege to again highly commend the conduct of the officers and men of my command throughout the campaign. They have shown in an eminent degree the qualities of good soldiers—obedience, discipline, endurance, courage, steadiness, patriotism and the most magnificent ardor, in battle. The regimental commanders, Colonel Harry C. Kessler, First Montana Infantry; Colonel Frederick Funston, Twentieth Kansas Infantry, and Major W. A. Kobb, commanding the two battalions of the Third United States Artillery (serving as infantry) have again proved in actual field service their capacity and fitness for their responsible posts and their skill and gallantry under fire. I again recommend them, and each of them, for such special mark of distinction as the commanding General of the War Department may be pleased to confer upon them, on their merits."

THE CASUALTIES.

"It is my grievous task to have to report that the casualties of the brigade during the seven days' operations particularly described in this report, aggregated 136 killed and wounded, thus swelling the brigade's total casualties in battle since the outbreak of the rebellion to 256, or considerably more than 10 per cent. of the average effective strength of the command actually engaged in the campaign from first to last."

A FRENCHMAN ASSASSINATED.

New York, May 11.—A dispatch to the Journal from Manila says: The insurgents have assassinated M. Dumerais, a Frenchman, who had crossed their lines under a flag of truce.

TEN MACHINE GUNS.

New York, May 11.—A dispatch to the Herald from Manila says: The insurgents have succeeded in landing ten machine guns at Capiz, on the island of Panay.

RAILWAY MANAGERS SEEK SAFETY.

Manila, May 11.—6:45 p. m.—Mr. Higgins, manager of the Manila-Dagupan railway, and two of his assistants, who had remained inside the insurgent lines to protect the property of the railway company, arrived at San Fernando on yesterday. They had been informed by the insurgents that they would be no longer responsible for their safety if they remained longer within their lines. Mr. Higgins corroborates the stories that have been told of the demoralization of the Filipinos, and says that the rebels are looting all the natives' property.

Mr. Higgins adds that now is the time for the Americans to strike hard.

WILL CONTINUE FIGHTING.

New York, May 11.—A dispatch to the Herald from Manila says: In an interview, printed in Spanish, Señor Mabini, who is at the head of the Aguinaldo Cabinet, says the insurgents are very hopeful. They will continue the fighting, relying upon European intervention.

The insurgents of the province of Cavite are preparing to make a desperate resistance to the Americans.

COTTON SPINNERS.

THE SOUTHERN ASSOCIATION MEETS AND ELECTS OFFICERS.

(By Telegraph to Virginian-Pilot.)

Charlotte, N. C., May 11.—The third annual session of the Southern Cotton Spinners' Association met here to-day. There were over 100 prominent cotton mill men in attendance, representing every section of the South, while a number of commission men from Northern cities were also present. About fifty new members were elected. This was the most successful and largely attended convention yet held by the association. The meeting was called to order by President D. A. Tompkins who addressed the association.

OFFICERS ELECTED.

At the afternoon session the following officers were elected for the ensuing year:

President—Dr. J. H. Meaden, Charlotte.

Vice-President—J. P. Verdery, Augusta, Ga.

Secretary and Treasurer—George B. Hiss, Charlotte.

Board of Governors—D. A. Tompkins, of Charlotte, chairman; H. S. Reinhardt, Lincolnton, N. C.; A. P. Rhyne, Mt. Holly, N. C.; Leroy Springs, Lancaster, S. C.; J. T. Anthony, Charlotte; C. S. Smith, Newton, N. C.; R. R. Ray, McAdenville, N. C.; W. C. Heath, Monroe, N. C.; A. C. Miller, Shelby, N. C.

Mr. E. H. Sanborn, representing the National Manufacturers' Association, delivered a lecture before the Spinners' Association in the Y. M. C. A. hall at 8:30 p. m. He told how the United States are rapidly extending their export trade to all parts of the world, and said that a gain of \$20,000,000 had been made in our commerce during the past year. Mr. Sanborn said this country is now rapidly approaching Great Britain in her commercial interests abroad.

The Word Bargain.

Why has this word lost its dignity and true meaning in many stores? Its because the word is used in connection with statements and assertions without any proof or substantial truthful foundations whatever.

We merely reiterate our former statements when we advertise a "bargain" that it is a "bargain"—a truth—not a crowd stirring prevarication. Of course stating this isn't proving it—hence we offer a proof—the response and testimony of a multitude of buyers.
